PROGRAM!*

Best guarantee in the business – the RBM Guarantee

Welcome to our annual sale – 2013 edition

It's our great honor and pride that you take the time to look over this sale offering. With that honor and pride, comes a great deal of responsibility - this is something that we here at RBM don't take lightly as both our bottom lines depend on it. As we have said in past letters "this is the best set ever" it's not just a statement - it is THE BEST SET EVER!!!! We feel that this set of cattle (bulls and heifers) will help position your operation for the future. All of us in the livestock business have enjoyed an excellent cattle market this past year. We believe this is only going to get better as cow numbers are at the lowest level for many years. Those of us who have stayed with the cows, over the years, will be greatly rewarded in the future.

There have been some changes here. We are still trying to grow but with limited labor and facility, the decision was made to put a small set of cows to calve in May and June. Therefore, we will be selling coming 2 year olds in 2014. We sorted a set of bulls that weren't in the 2012 sale to be sold in 2013 – they were sorted with no papers, just kind. They will be BIG, STOUT bulls that will cover a big number of cows. We want you to know RBM as the long-age, big bull stop on your list.

We have purchased many customers' cattle this year and helped place many more. It is very rewarding for us as seed stock producers to see RBM genetics in demand throughout the livestock industry.

We believe that this is an important time in the cattle business to purchase the best genetics you can to produce more live calves, performance and maternal traits than ever before. People finishing cattle want to buy high quality cattle with a program, not just commodity cattle, that program is the RBM program.

This year all the bulls will be semen tested prior to the sale. We will keep the yearling bulls until May 1. The two year old bulls will be picked up or delivered by March 20th. The heifers can be picked up sale day or shortly thereafter.

If you take your bull home sale day, you will receive a crisp \$100 bill.

Maternal brothers in this sale, lots 60-64. Wow, not sure what to say about this bull other than wow. His mother is the donor we picked at Hubbert, NE. She has been the cornerstone of our program. We had been flushing her so we decided it was time to let her have a natural calf and now she is getting flushed with great results this bull has more size performance and breeding than just any old white bull. Great bull!

Lots 122-272 Sell as Commercial Angus Heifers

These heifers are mostly out of RBM genetics. The heifers are Angus based and have the cow making look! The heifers are long, feminine and gentle with great genetics to make profitable cows. The heifers will weigh 750-850 on sale day. The heifers are fed to grow and will stay sound and not get fleshy. They are all running together in one 5-10 acre pen. The heifers are on the same vaccination program as the registered cattle. We will sell the heifers in numerical order (122-272) the bidder has the option to take 1-150 head in order. They will be sorted into groups of 50-60 head lots the week of the sale. Heifers may be fed until May 1-15 at cost - talk to Mike or Ryan prior to sale to discuss this option.
