*Best Guarantee in the business -
the RBM Guarantee!*

Welcome!

It's our honor to bring this set of genetics to you. We feel that from the first lot until the last there is something for everyone. We are extremely honored and humbled that you put your trust in our program, this is something we don't take lightly.

The cattle have excelled through tough spring storms and the harsh winter we are now experiencing. For everything they have had to push through, we are extremely proud of them. We believe that they will continue to work hard for you and return dividends at the market place.

The bulls have been developed in one big group on a large lot with ample exercise and room to grow and develop so they will stay sound with longevity for you.

This past year we have had the opportunity to market and buy a lot of sought after RBM genetics from our customers. It is really gratifying to see the demand for your end product. We know the blood, sweat and tears this business can involve and for that we say thank you.

In this year's offering, you will find many full brothers with large groups of half brothers from calving ease to performance bulls. We again sorted the coming 2-year-old bulls without paper last spring and saved them for this sale only. The bred heifers are all that were ultrasounded to calve after Feb 15 no exceptions. New this year we are offering four elite donor cows. These are cows that have been and will continue to be a cornerstone of our program and will continue to do so for their new owner. We will be presenting a group of commercial bred heifers that will calve in April along with a group of open commercial heifers.

Thanks again for your trust in our program. Please contact us with any questions or stop by and take a look at our offering

Thanks!
