*Best Guarantee in the business -
the RBM Guarantee!*

Welcome!

It is with utmost honor that we bring this offering to the public.

As the saying goes "when the going gets tough, the tough get going", the last 12 months couldn't be a truer description of the agricultural industry.

In this offering, you will find calving ease, carcass and performance in a total package that will produce program cattle that command premiums.

This fall was busy for Mike buying and helping market many RBM genetics. We take marketing your genetics very serious. The great part of this process is seeing our bull customers and seeing their calves sell. What stands out is that they are longer and bigger than most - this adds up to more dollars.

New for this year, you will see some new breeds that we are offering. As our family grows and the boys are more involved, we have let them venture out on their own. Rest assured, they will have the utmost quality. We are extremely proud of them and their cattle. These bulls will have the same RBM guarantee.

This is a family operation that handles quite a few cattle with a limited amount of outside labor. Be assured, these bulls will work in any operation.

We look forward to seeing you on sale day – call with any questions.

Thanks!

The Berghs

The Certified Angus Beef Targeting the Brand

Logo identifies animals with genetic predictions focused on carcass quality. The logo requirements can be met when genetic predictions are breed average or higher for two key metrics: Marbling EPD and Grid Value (\$G). Qualifying animals (as of Spring 2021) will need a marbling EPD of at least +.65, and \$G of at least +55. These values represent the breed average for non-parent bulls, which will be utilized regardless of sex and age. Realize that carcass traits need to be balanced with maternal traits and other economically important traits vital for progressive, profitable operations.

Commercial Yearling Heifers

100 Head Sell as Commercial Yearling Heifers

These heifers are mostly out of RBM genetics. The heifers are Angus-based and have the cow making look! The heifers are long, feminine and gentle with great genetics to make profitable cows. The heifers will weigh 725-800 on sale day. The heifers are fed to grow and will stay sound and not get fleshy. The heifers are on the same vaccination program as the registered cattle. We will sell the heifers gate cut. The bidder has the option to take 1-100 head at a gate cut. Heifers may be fed until May 1-15 at cost - talk to Mike or Ryan prior to the sale to discuss this option. They can be viewed prior to sale day. Call for more information.

*We look forward to seeing you at the sale
